

Prayer To The Sacred Heart of Jesus!

I adore you, Sacred Heart of Jesus, source of life eternal, treasure of all grace, burning furnace of divine love. Be forever my refuge and my hope. Enkindle in me the love with which you are consumed. Pour into my heart the graces you have purchased for me by the shedding of your Blood. Grant that my heart may be so united to yours that your will may be the rule of my thoughts, words and actions and that I may practice the virtues of meekness, humility, fervour, innocence and charity, of which you have given me the example. My one desire is to be all yours in time and in eternity. Amen.
